

Algarve company wins two international awards

EXCLUSIVE ALGARVE VILLAS have won two international real estate awards, 'Best Real Estate Agency' and 'Best Real Estate Website'.

According to the Algarve-based company, "After months of headlines announcing doom and gloom in the property market, here is a long-awaited positive story to restore our hopes, not just for now, but also for the future."

It's vital that, in order to succeed in such a highly-competitive industry, estate agents, developers and others involved in the property business are naturally competitive. This desire to be the best has been channelled by a large number of professionals entering the European Property Awards in association with CNBC.

As with all competitions, there are only a few winners, and these were revealed at a gala presentation dinner at The Park Lane Hotel in London. The turnout was tremendous, with 300 guests and no less than 19 different countries represented across Europe.

Representatives of 'Exclusive Algarve Villas' receiving the awards.

The European Property Awards are part of the globally respected International Property Awards which have been running for 14 years. There are 21 different categories in total and four and five-star awards are given to the best entries. Every

five-star entry is then re-examined to decide who is to go forwards for the ultimate 'World's Best' award. 'World's Best' winners, including those from the European Property Awards, will be announced at a grand presentation dinner in

America this November.

Exclusive Algarve Villas has also been nominated for a 'World's Best' award in the 'Best Real Estate Website' category. Exclusive Algarve Villas Director, Bart van Linden, said of the awards, "It's a great achievement,

winning not one, but two of the most prestigious awards around in the real estate world. It is a big 'well-done' for our whole team and partner companies we work with. We've worked very hard in getting this far and we're proud to perform on top level!"

Below are another few websites where our articles have been published, great new and what a pleasure to receive such a positive response !
